Governor's Office of Emergency Services Report Prepared by California State Warning Center

Unclassified// FOUO 24 Hour STAC Report

Report Attached

	Fri, Jul 8	Sat, Jul 9	Sun, Jul 10	Mon, Jul 11	Tue, Jul 12	Wed, Jul 13	Thu, Jul 14
Fire Weather Low RH / Wind / Dry T-Storms	Inland/ Southern						
Thunderstorms Wind / Hail / Tornadoes							
Heat	Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern
Cold							
River Flooding							
Wind							
Heavy Rain Flash Flooding / Debris Flow							
Snow							
Coastal Flooding							
Risk Levels	Little to No	ne N	linor	Moderate	Majo	or	Extreme

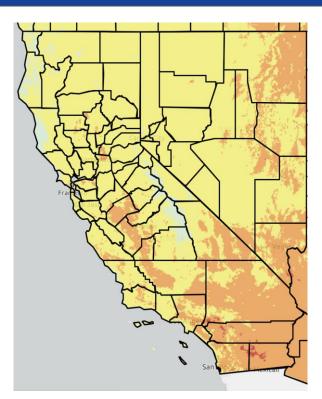

- Hot temperatures will return to much of inland southern California on Friday, building across much of the Central Valley through the weekend and first half of next week
 - Daytime high temperatures will warm into the 100 to 107°F range across much of the Central Valley, and 105-115°F range (locally even hotter) across the southern deserts
 - Moderate to locally high heat risk impacts are likely for many inland areas,
 particularly Sunday through next Wednesday
- Breezy conditions will persist most afternoons and evenings in and around the foothills, mountains, and southern deserts the middle of next week bringing a continuation of locally elevated fire weather conditions
 - Widespread critical fire weather conditions remain unlikely through next week
- Dry weather is also expected through the first half of next week, though a few monsoon showers and thunderstorms could return to far southeast California by late next week

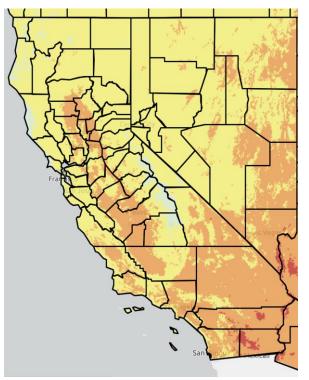

Precipitation Forecast

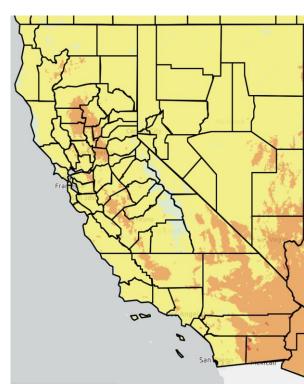

No significant precipitation is forecast across the state through Sunday

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Friday Saturday Sunday

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

6-10 Day Outlook (July 13 - July 17)

Temperatures

Above normal temperatures are favored to continue statewide

Precipitation

Below normal precipitation is favored across far northern California, while above normal precipitation is favored for southeastern portions of the state. In between, near normal precipitation is favored

8-14 Day Outlook (July 15 - July 21)

Temperatures

Above normal temperatures are once again favored statewide

Precipitation

 Above normal precipitation is favored across far southeast California, with near normal precipitation favored for much of the remainder of the state

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "California SMARTER Plan: The Next Phase of California's COVID-19 Response". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

For more information: CDC Travel Guidelines

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 07/06/22 at 1630 hours:

- 9,500,376 total confirmed cases.
 - 122,183 Delta
- 91,795 total deaths.
 - 279 Delta
- Please see the most recent "Situation Report COVID-19" attachment for additional details.

Cal OES MISSION TASKINGS

Cal OES Missions

- 2022-CalOES-78230 (New Mexico EMAC): 1 iSat phone for EMAC deployment to New Mexico.
- 2021-TACCOM-061621 (OCFA Testing): Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 06/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
